Leviticus 11.

The following is a brief overview of the main topics.
Thankyou for visiting; Bible House Of Grace.

CLEAN AND UNCLEAN ANIMALS.

The following are laws the LORD gave Moses regarding clean and unclean animals so Israel could make a distinction between what may be eaten and what may not be eaten.

Laws about: -

- Beast and birds.
- Fish and insects.

If a creature could not be eaten it was unclean and detestable to Israel.

ANIMALS ISRAEL WAS NOT TO EAT (Called Unclean Animals).

Every animal that either walks on all four paws, parts the hoof, is not cloven-footed (does not have a split hoof) or does not chew the cud.

Cloven; from Strong's Concordance means a split hoof, a claw or to split or tear.

The following Creatures were to be Detestable to Israel.

- The Camel; because it chews the cud, (but does not part the hoof).
- The Rock Badger; because it chews the cud (but does not part the hoof).
- The Hare; because it chews the cud (but does not part the hoof).
- The Pig; because it parts the hoof, is cloven-footed (but does not chew the cud).

Israel was not to eat any of their flesh or touch their carcasses or they would be unclean until evening, if Israel carried their dead bodies they were to wash their clothes, but would be unclean until the evening. If they touched or ate any of these unclean creatures they would defile themselves before God.

FISH ISRAEL WAS NOT TO EAT.

- Anything in the seas, the waters or rivers including the swarming creatures that has no fins or scales.

BIRDS ISRAEL WAS NOT TO EAT.

- The eagle and the bearded vulture.
- The black vulture and the kite.
- The falcon of any kind and every raven of any kind.
- The ostrich and the nighthawk.
- The sea gull and the hawk of any kind.
- The little owl and the cormorant.
- The short-eared owl and the barn owl.

- The tawny owl and the carrion vulture.
- The stork and the heron of any kind.
- The hoopoe and the bat.

INSECTS ISRAEL WAS NOT TO EAT.

- All winged insects that go on all fours or have four feet.
- Israel was not to eat any of these creatures they were to be detestable to Israel and if they touched or ate any of these unclean creatures they would defile themselves before God.

SWARMING THINGS ON THE GROUND ISRAEL WAS NOT TO EAT.

- The mole the rat and the mouse and the great lizard of any kind.
- The gecko and the monitor lizard.
- The lizard, the sand lizard and the chameleon.

If Israel touched their dead bodies they were unclean until the evening.

If anything or any article fell on the dead bodies of the unclean swarming things it was unclean, the article must be put into water and remained unclean until the evening, if unclean swarming things fell into any earthenware vessel it was unclean and to be broken, any food in the earthen vessel that could be eaten on which water comes was unclean and all drink that could be drunk from every such vessel was unclean. Everything on which any part of the unclean swarming creature's body fell was unclean, if an unclean swarming thing fell on an oven or a stove it was to be broken in pieces because they remained unclean.

If unclean swarming things fell on a spring or a cistern holding water it remained clean, but whoever touched the dead carcass in the spring or cistern was unclean. If any part of the unclean swarming creature's body fell on any seed or grain that is to be sown, it remains clean, but if water is put on the seed and any part of the unclean swarming creature's body falls on it, it was unclean. Every swarming thing that swarms on the ground is unclean to Israel and was not to be eaten.

SNAKES, SPIDERS AND CATERPILLARS ISRAEL WAS NOT TO EAT.

Whatever goes on its belly (snakes) and whatever goes on all fours (spiders) or whatever has many feet (caterpillars) was detestable to Israel. These creatures were to be detestable to Israel if they touched or ate any of these unclean creatures they would defile themselves before God.

ANIMALS ISRAEL COULD EAT.

- Whatever parts the hoof and is cloven-footed and chews the cud.

Fish.

- Everything in the waters that has fins and scales, whether in the seas or rivers.

Winged Insects that go on all Fours.

- Those that have jointed legs above their feet so they can hop on the ground.
- Locusts, bald locusts, crickets and grasshoppers of any kind.

End.
