### Ecclesiastes 3.

(A brief overview of the main topics).

---

**INTRODUCTION:** Ecclesiastes is a brilliant book that gives an overall view of human life on earth viewed as a collective whole. Its primary focus is the vanity of life on earth without God. It is viewed as vanity because what happens to the fool happens to the wise the same events (i.e., troubles, sickness, disasters, sorrows etc.), and ultimately death comes to the rich and the poor, the noble and the lowly, the wise and the fool alike and life continues on as it always has. (See also the introduction to chapter one).

**NOTE:** for information of people, places and the meaning of words see Map Locations and People of the Bible, and Bible Dictionary on Website Menu.

---

**A time for everything:** from the time of a person's birth to the time of their death there is a time for all things.

**Rewards of work:** God has given to the children of man to be busy and made everything beautiful in its time.

**The heart and eternity:** God has put eternity into the human heart, yet so that he cannot find out what God has done from the beginning to the end.

**God's will:** there is nothing better for mankind than to be joyful, do-good, eat, drink and take pleasure in their work as long as they live this is God's gift to every man and woman.

**Death, humans and animals:** what happens to the animals happens to every human, all have the same breath, all are from the dust and all return to the dust, all die the same way and all go to the same place.

**The spirit of humans and animals:** no-one knows whether the spirit of man or woman will go upward neither does anyone know whether the spirit of the animals go down into the earth (Eccles. 3:21).

**Joy in work:** God's gift to those who choose to deny Him is that they should rejoice in their work, because work is their lot in life.

**God's judgment:** God will judge the righteous and the wicked, for there is a time for every matter and for every work.

**Trials of life:** God is testing mankind that they may see that concerning death they themselves are no different to the animals no human has an advantage over the animals they have the same breath, what happens to mankind and what happens to the animals is the same; as one dies, so dies the other.
