Numbers 35.

The following is a brief overview of the main topics.
Thankyou for visiting; Bible House Of Grace.

The LORD spoke to Moses in the plains of Moab by the Jordan at Jericho and gave him the following laws for cities and pastureland for the Levites, murder and cities of refuge for the Manslayer.

The Levites Inheritance.

Israel was to give the larger cities to the Levites with the larger tribe and the smaller cities to the smaller tribes, the Levites were to have a total of 48 cities with their pasturelands, 42 of the cities were for the Levites to dwell in, while the other 6 were for cities of refuge. The pasturelands were to be 1000 cubits from the wall of the city all around the city, while the boundary from the wall of the city was 2000 cubits all around the city. The city of the Levites was to be in the middle of the pastureland, the pasturelands were for the Levites cattle and livestock.

Cities of Refuge.

The Levites were to have six cities of refuge, for the manslayer from the avenger. The manslayer that killed any person without intent could flee to one of the six cities of refuge so that they would not be killed before the congregation had made a judgment. The six cities were a refuge for Israel, the stranger, the sojourner among them and anyone who killed any person without intent. Three cities of refuge were to be beyond the Jordan and three cities in the land of Canaan.

Laws for the Murderer.

If a person strikes anyone down with an iron object, a stone or wooden tool, pushes anyone out of hatred, is hiding and throws something at anyone, has enmity and strikes anyone down with their hand and causes death, they are a murderer to be put to death. The avenger of blood was allowed to put the murderer to death if he met them, but no one was to be put to death on the testimony of only one witnesses, and no ransom was to be accepted for the life of a murderer they must be put to death.

Laws for Accidental Death.

If anyone causes death without enmity or seeking harm and did not lie in wait, or use a stone that could cause death they are not a murderer, the congregation was to judge between the manslayer and the avenger, they could rescue the manslayer from the hand of the avenger and allowed to let the manslayer flee to a city of refuge. The manslayer was to live in the city of refuge until the death of the High Priest, but if the manslayer went beyond the boundaries the city of refuge and the avenger kills the manslayer they are not guilty of murder. After the death of the High Priest the manslayer could return to the land of his possession. No ransom could be accepted the manslayer could return before the death of the High Priest.

Pollution of the Land.

Israel was not to pollute the land that they lived in because the LORD dwelled in the midst of them, murder pollutes the land and no atonement can be made for the land for the blood that is shed in it, except the blood of the one who shed it.

End.
