Although I believe my aim is pure and God's will perfect this document is still the product of a human man, as to such I neither claim perfect knowledge or perfect understanding.

## **Knowledge Increases, but Mankind's Nature Remains Unchanged.**

---

In today's world the following have enormously increased:

- Global populations.
- Knowledge.
- Global travel.
- Knowledge of the world and the heavenly planets.
- Advancement in technology.
- Mankind's intelligence.
- The global system of finance and trade.
- Satellite GPS systems, internet, and global communication.
- Worldwide surveillance of nations.

This vast increase in all these things produces a change in the collective thought, consciousness, and behaviour of the global populations of the world, but these vast changes have no effect on the nature of mankind (i.e., selfishness, pride, ego, and the desire for worldly riches, and the lust for power, fame, and importance), for they remain the same from generation to generation, which is why history continually repeats itself.

*As the founder of Bible House of Grace, I would like to thank the many Christian scholars, commentators and theologians who have gone before me, and the many today, who have freely made available their works to enhance the knowledge of the Bible to all people worldwide. It is only with the help of these faithful writers that much of Bible House of Grace exists as it does today.*
